

Your place has a new place for packages.
Introducing Hub by Amazon

Hub by Amazon is your fast and easy way to receive packages from anyone. When you ship to your home address, your package goes securely in the Hub.

Pick it up any time; The Hub is always open. And it's conveniently located at your place to make getting your packages a breeze.

How does it work?

It's simple. Your packages will be delivered to the Hub.
You'll receive a notification with a one-time pick-up code.
Whenever you're ready to pick up your package, head to the Hub.
Enter the code on the screen. A door will pop open so you can grab your package.

How do I get started?

You'll receive an email with a signup link. Sign in with your Amazon account or sign up for a free account.
Then, you'll be ready to pick up your packages at the Hub.
